CAREER OBJECTIVE

AI-focused Computer Science (CSE – Artificial Intelligence) student with practical experience in Machine Learning, Neural Networks, Generative AI, and Full Stack development. Skilled in building end-to-end intelligent systems, integrating AI models with modern web technologies to create scalable applications.

EDUCATION

Parul University June. 2023 – Current *Bachelor of Computer Science and Engineering with Artificial Intelligence*
Vadodara, Gujarat

CERTIFICATIONS

- **Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate (Oracle)**
- **Oracle Cloud Infrastructure 2025 Certified Generative AI Professional (Oracle)**
- **AI Fundamentals (Cisco Networking Academy IBM SkillsBuild)**
- **AWS Academy Cloud Foundations (Amazon Web Services)**
- **Deloitte Data Analytics Job Simulation (Forage | Deloitte)**

PROJECTS

Multi-Agent AI System With RAG

- Designed and developed ATLAS, a multi-agent AI system using LLMs for autonomous task planning, retrieval, execution, and evaluation workflows.
- Implemented Retrieval-Augmented Generation (RAG) pipelines with LangChain, LangGraph, and ChromaDB to enable grounded, context-aware reasoning.

VisionVault AI – Image Intelligence & Semantic Retrieval Platform

- Engineered an AI-powered image intelligence platform using FastAPI, enabling automated image uploads, dataset processing, and AI inference workflows.
- Implemented semantic image retrieval using CLIP embeddings and ChromaDB vector search for similarity-based image querying.

TECHNICAL SKILLS

Languages: Embedded C (Intermediate), Java (Intermediate), Python (Beginner), JavaScript (Intermediate), HTML/CSS, MySQL (Beginner), MongoDb (Beginner), Redis

Frontend/Backend: Node.js, Express.js, React.js, AngularJS, FastAPI,Bootstrap, Tailwind

Artificial Intelligence / Generative AI: Machine Learning, Deep Learning, NLP, Generative AI, Retrieval-Augmented Generation (RAG)

Cloud: AWS, Azure

Tools: GitHub, Docker, Notion, Jira, PowerPoint, Excel, Ollama

Soft Skills: Problem-solving, Analytical thinking, Clear technical communication, Collaboration, System-level thinking, Continuous learning
